

GETTING READY FOR A DOCTOR'S VISIT

PURPOSE: To provide ongoing guidance for the individual or staff. The form explains what should be done prior to, during, and after any medical appointment.

COMPLETED BY: The individual or staff that will accompany the individual to any medical appointment.

WHY THIS IS IMPORTANT:

- Keeps the individual and staff informed on what may be needed prior to the appointment and what will happen during the appointment
- Provides checklist of records to be taken to the appointment
- Provides guidance for expected behavior during and after the appointment
- Provides list of information that should accompany the individual and/or staff when returning to the individual's home
